

The mission of Centro Jovellanos is to implement, develop and design comprehensive rescue and maritime safety training systems that are high quality, highly specialised, certified, innovative, and sustainable to ensure the most remarkable levels of professional training.

Train, provide, reduce, innovate and guarantee are the five key goals of the Jovellanos Centre, which is the training centre of the Spanish Maritime Search and Rescue Agency, a public entity dependent on the Ministry of Transport, Mobility and Urban Affairs.

- TRAIN: Understand the needs of professionals and propose efficient solutions to act in emergencies.
- PROVIDE: The necessary knowledge to implement tasks successfully at the workplace.
- REDUCE: Reduce fatalities and damage to the environment through training, thus avoiding risks and accidents.
- INNOVATE: Develop comprehensive virtual reality training methods that improve knowledge.
- ENSURE: The implementation of our quality system when designing and developing our training activities.

COURSE FAST RESCUE BOATS

TARGET GROUP

This course has been designed for Captains, Bridge and Engine Room Officers and all onboard personnel who have been assigned these responsibilities in vessels equipped with fast rescue boats.

Requirement: For the Maritime Administration to issue the certificate, trainees must have previously taken the "Survival Craft and Rescue Boats other than Fast Rescue Boats Certificate".

TRAINING

Objective: Train students to obtain the Certificate of Fast Rescue Boats according to amended STCW/78 Convention.

Law: Amended STCW/78 Convention. Rule VI/2.2 STCW Convention, Section A-VI/2; Table A-VI/2-2 Code.

Orden FOM/2296/2002 September 4, 2002.

The Jovellanos Center is homologated by the DGMM Resolution of January 19, 2009.

DURATION

The course consists of 18 hours and it's delivered over a period of 3 days.

PROGRAMME

Understand the construction, maintenance, repair and outfitting of fast rescue boats.

Take charge of the launching equipment and appliance as commonly fitted, during launching and recovery.

Take charge of a fast rescue boat as commonly fitted, during launching and recovery.

Take charge of a fast rescue boat after launching.

Operate a fast rescue boat engine.
