

The mission of Centro Jovellanos is to implement, develop and design comprehensive rescue and maritime safety training systems that are high quality, highly specialised, certified, innovative, and sustainable to ensure the most remarkable levels of professional training.

Train, provide, reduce, innovate and guarantee are the five key goals of the Jovellanos Centre, which is the training centre of the Spanish Maritime Search and Rescue Agency, a public entity dependent on the Ministry of Transport, Mobility and Urban Affairs.

- TRAIN: Understand the needs of professionals and propose efficient solutions to act in emergencies.
- PROVIDE: The necessary knowledge to implement tasks successfully at the workplace.
- REDUCE: Reduce fatalities and damage to the environment through training, thus avoiding risks and accidents.
- INNOVATE: Develop comprehensive virtual reality training methods that improve knowledge.
- ENSURE: The implementation of our quality system when designing and developing our training activities.

COURSE PREVENTING AND COMBATING POLLUTION ADVANCED OPERATING LEVEL

TARGET GROUP

Designed for Group Leaders with medium grade university education assigned to operations that involve loading, unloading, and handling oil in maritime and port environments: harbours, shipyards, oil rigs, ship scrapping operations, facilities that receive oil, and any other maritime facility under Spanish sovereignty, sovereign rights, or jurisdiction, whether operations are performed by fixed, mobile, or floating means.

Law: RD 253/2004 of 13 February.
Order FOM/555/2005 of 2 March.
