

The mission of Centro Jovellanos is to implement, develop and design comprehensive rescue and maritime safety training systems that are high quality, highly specialised, certified, innovative, and sustainable to ensure the most remarkable levels of professional training.

Train, provide, reduce, innovate and guarantee are the five key goals of the Jovellanos Centre, which is the training centre of the Spanish Maritime Search and Rescue Agency, a public entity dependent on the Ministry of Transport, Mobility and Urban Affairs.

**TRAIN:** Understand the needs of professionals and propose efficient solutions to act in emergencies.

**PROVIDE:** The necessary knowledge to implement tasks successfully at the workplace.

**REDUCE:** Reduce fatalities and damage to the environment through training, thus avoiding risks and accidents.

**INNOVATE:** Develop comprehensive virtual reality training methods that improve knowledge.

**ENSURE:** The implementation of our quality system when designing and developing our training activities.

## COURSE

## GWO BASIC SAFETY TRAINING, SEA SURVIVAL MODULE. CODE SS

### TARGET GROUP

Personnel working in the offshore wind or associated industries who intend to meet the training requirements set out in the GWO BST (Global Wind Organisation Basic Safety Training) Sea Survival module as part of their emergency response training.

**Requirement:** Prior to the beginning of the course, trainees must provide the following:

Current official medical report.

Photocopy of their ID Card.

WINDA No. This number is provided by GWO through its website:

<https://winda.globalwindsafety.org/register/course-participant/>

### TRAINING

**Objective:** Provide participants, through theoretical and practical training, with the skills to act in a safe and responsible manner and to take the correct preventive actions in all aspects of offshore operations, including access to and from the vessel or offshore wind generator, under normal and emergency conditions in the context of offshore wind energy.

**Standard:** GWO Safety Standard -Basic Safety Training (BST) V17 Requirements for Training Providers GWO V12.

### DURATION

The course consists of 6,5 certified teaching hours delivered over 1 day.

### PROGRAMME

Introduction.

Safety culture and legislation.

Cold water immersion.

Safety devices and personal protective equipment.

SAR and GMDSS, (Search and Rescue, Global Maritime Distress and Safety System).

Safety during travel and transfer.

Facilities, vessels and offshore wind farms.

### Practical Training:

Survival at sea training.

Transfer training.

### CERTIFICATE

GWO Registry. Valid for 2 years.

COM/CE/GWO-SM/ED10-0523
